

CVR/IT Consulting to Provide Training Services for GigaNet Solutions

**CVR/IT Consulting to provide Certified Business Professional (CBP) certification training through GigaNet Solutions**

*Training in the Project Management module of the CBP program begins in December, 2007*

**Wake Forest, NC and Cary, NC – November 8, 2007** – CVR/IT Consulting LLC, a project services and training company, announced today that it will provide Project Management Training Services to GigaNet Training and Staffing Solutions, a training, certification and staffing company. Through this agreement Dr. Gary J. Evans, owner of CVR/IT Consulting, noted speaker and long-time trainer in Project Management will participate as an instructor in the Certified Business Professional (CBP) program offered by GigaNet Solutions. By training business professionals in the CBP Project Management module, Dr. Evans will help them to reach their goal of CBP certification.

The Certified Business Professional Program (CBP) is an international industry credential that validates and develops the business professional. The fact that the program is developed by the International Business Training Association (IBTA), ensures the candidate is exposed to functional business tasks and gains required practical exposure to the work environment. IBTA recognizes Project Management to be a core skill for the modern professional.

Project Management training will begin in early December, with the first course scheduled to be held during the week of December 10, 2007.

**Where:** The GigaNet Training and Staffing Solutions training facility in Cary, NC

**When:** Monday through Friday, December 10 - 14, 9:00 a.m. – 5:00 p.m. EST

**To Register:** Contact Jean Wiley at 919.601.2420 or [jwiley@giganetsolutions.com](mailto:jwiley@giganetsolutions.com) and she will forward a registration form or visit [http://giganetsolutions.com/index.php/giganet/course/project\\_management/](http://giganetsolutions.com/index.php/giganet/course/project_management/) to register

**About CVR/IT Consulting LLC**

CVR/IT Consulting provides guidance in the effective use of Project, Program and Portfolio Management Technologies through formal consultation and a unique training program. The company, founded in May, 2002, provides professional consultation in all matters related to Project Management, such as:

- Implementation effective Project Portfolio Management
- Establishment of a PMO that can create positive transformation
- Training (or re-training) of the PM workforce
- Management of Organizational Change to make it all work
- Continuing assessment of projects and people to measure the benefit

With special focus on Project Management in all its forms, Dr. Evans has spent over 20 years as a valued member of the IT Profession. He has managed dozens of successful projects in business, R&D, public sector and not-for-profit environments, including IT department startup, PMO startup and management, business process analysis and redesign, and implementation of software and hardware solutions. Dr. Evans is a certified Project Management Professional (PMP).
